Product Warranty Policy

1. Purpose

This document defines the general warranty rules for eligible products.

2. Warranty Period

Eligible products are covered by a standard warranty period of twelve months from the date of purchase.

3. Covered Issues

Manufacturing defects and qualifying product failures occurring during the warranty period may be covered.

4. Non-Covered Issues

Damage caused by misuse, unauthorized modification, accidents, or normal wear may not be covered.

5. Warranty Claim

Customers requesting warranty service should provide proof of purchase and relevant product information.

6. Replacement

If a qualifying warranty claim is approved, the organization may repair or replace the affected product according to the applicable procedure.
